Bull's Worm Destroyer

Respectfully,

To My United States and World-Wide Readers.

I have received many testimonials from professional and medical men, as my almanacs and various publications have shown. all of which are genuine. The following letter from a highly educated and popular physician in Georgia is certainly one of the most sensible communications I have ever received. Dr Cement knows exactly what he speaks of, and his testimony deserves to be written in letters of gold. Hear what the Doctor says of BULL'S WORM DE STRUYER:

VILLANOW, WALER COUNTY, GA., June 29, 1866. Dr. John Bunt -- Dear Sir: I have re cently given your "Worm Destroyer" several trials, and find it wonderfully efficacious. It has not failed in a single instance to have the wished for effect. I am doing a pretty large country practice, and have daily use for some article of the kind I am free to confess that I know of no remedy recommended by the ablest authors that is so certain and speedy in its effects On the contrary, they are uncertain in the extrema. My object in writing you is to find out upon what terms-I can get the medicine directly from you. It I can get it upon easy terms, I shall use a great deal of it. I am aware that the use of such articles is contrary to the teachings and practice of a great majority of the reg lar line of M. D's, but I see ac est curse or wood sense in remedy which we know to be efficient, wim ply because we may be ignorant of its combination For my part, Lishall make it a rule to use all and any means to alleviate suffering bumanity which I may be able to command-not hesitating because some one more ingenious than myself may have learned its effects first, and secured for himself the right to use that knowledge. However, I am by no means an advocate or sup-porterol the thousands of worthless nostroms that flood the country, which purports to cure all manner of disease to which human

Da. Bell-Dear Sir My husband, Dr. Book and Job Printers, C. S. Johnson, was a skillful surgeon, and bysician in Central New York, where he died, leaving the abuve C. P. Johnson to my ease. At thirteen years of age he had a chronic diarrhea and scroftila, for which I gave him your Sarsaparilla. It cured him, I have for ten years recommended it to unny in New York, Ohio, and Iowa, for secolula, lever sures, and general debility. Perfect success has attended it. The cures sores were almost miraculous. I am very ingious for my son to again have recourse to your carsaparilla. He is fearful of getting a sparious article, hence his writing to believe he will recover. T

The proprietor of this colebrated medicine justly claims for it a superiority over all remodies ever offered to the public for the sufe, certain, speedy, and permanent cure of Ague and F ver or Chills and Fever, whether of short or long standing. In a great many cases a single dose has been sufficient for a cure, and whole families have meet cared by a single bottle, with a perfect restoration of the general health. It is, however prudent and in every case more Brougenie & Co's LONE STAR LINI Office at BLACK & CHAWFORD'S Drug Store, certain to cure, if its use is consinued in smaller dozen for a week or, two after the disease has been checked, more especially in difficult and long standing cases.
